Here are a few tips for setting up your FansyMe account and uploading content.

1. Set up your username so fans can find you more easily: https://fansyme.com/settings/page
2. Fill out your interests so fans can discover you faster: https://fansyme.com/interests
3. Create your biography in a way that lets fans know what to expect. Be honest and keep expectations realistic.
4. When setting up a subscription account, make sure to post free images as well. This will help you get suggested to other fans on the Explore page.
5. Follow and tag us on Instagram: https://www.instagram.com/fansymeoriginal
6. Promote your FansyMe account on your social channels like Instagram, Telegram, and other platforms. We'd be happy to promote you on Instagram as well
7. Join our Telegram group to get updates on new features and updates: https://t.me/fansymenews
8. Follow us on https://www.instagram.com/fansymesupport - we will post tips, tricks, and coupons here.
9. Send us at least 5 FSK 13 images and we will promote you on our feed, Instagram, and Telegram.
