Which subscription prices can I set?

This post is also available in: Deutsch (German)

You can set your subscription price, bundles and promo here. We recommend a subscription price between 5 and 50 USD. With FansyMe you can also follow any other creator for free regardless of their subscription price.

FansyMe creators can post "Free", "Subscriber" and "PPV" posts. Free posts are available to anyone that is logged into FansyMe. Subsriber posts are visible only to those who subscribed to your account. Lastly, Pay Per View post can only be unlocked for the specific price that you set for this post.
