Do I get paid in USD or EUR?

This post is also available in: Deutsch (German)

All prices are listed in US Dollars (USD). However, payouts to Euro (EUR) accounts are made in EUR at the **interbank exchange rate** on the day of processing.

We have no influence on the conversion rate from USD to EUR. Since you receive payments on different days, the conversion rate may vary for each payment. The payout date alone does not determine the conversion amount, as different rates may apply on different days.
