If you or your company are eligible for VAT deduction in Germany, we can reimburse you inclusive of VAT. Please upload proof of your VAT deduction eligibility, such as a brief document from your relevant tax office or tax advisor. Allowed documents are "Umsatzsteuervoranmeldung" or a "Bescheid deines Steuerberaters." **Please note that a "Gewerbeschein" is not accepted as proof of VAT deduction eligibility.**

If you qualify as a small business owner, please check the box "I don't qualify for input tax deduction." You can adjust this selection at any time if your status changes.

Additionally, you can check and change all your settings here.
