At FansyMe, creating a safe and secure environment for both our fans and creators is our top priority. Additionally, we are required by local laws to verify that all our users are 18 years or older.

To ensure this, we currently partner with **Yoti.com** and **TantumIdent** for age verification. Both services are approved by the **German KJM** (Commission for the Protection of Minors in the Media), providing the highest level of age assurance for 18+ adult content.

With **Yoti's advanced age estimation technology**, verification is incredibly fast and convenient, as it does not require any upload of documents. This makes the process seamless while maintaining the highest security standards.

Your safety and compliance with legal standards matter to us. Thank you for being a part of our trusted community!
